Current Students

UTD's online students have access to the same resources as on-campus students. In the "Current Students" section, you will find important information on technical requirements, online services, and links to course resources.

Most course materials will be delivered via eLearning, an online course management system. It is important that your computer is set up to work properly with eLearning. In this section, you will find important information regarding courses, student services, obtaining textbooks, student support, and useful links.

Should you not find what you are looking for, please do not hesitate to contact us at elearning@utdallas.edu.
