Schedule, Registration, and Apply for Graduation

- **Orion**
  Orion is the official student information system and provides students a centralized source for reviewing their schedule and grades, registering for classes, and monitoring their financial aid.

- **CourseBook**
  In order to see the online courses being offered each semester, you will need to use CourseBook, and select Distance Learning for your Campus option. To view all courses on CourseBook, including on campus, the option for Campus must be selected as "All". A complete list of all courses can be downloaded by semester from CourseBook.

- **Academic Calendar**
  Make sure you pay attention to the dates outlined in the Academic Calendar for adding, dropping, and withdrawing from a class, as well as payment deadlines. Once your registration request has been processed, you will be able to verify your schedule and make your payments through Orion.

- **Registrar**
  If you have questions or problems with registering on the web, please e-mail records@utdallas.edu. For more information regarding UT Dallas classes, change of major, graduation, etc, open the Office of the Registrar FAQ.

- **Transcript Requests** and **Advising**
  Contact your advisor to request an audit of your degree to find out if you are fulfilling the requirements. We recommend that you request your degree audit at least a semester prior to your graduation. In order to apply for graduation, please visit the graduation web site to find out more information.

- For more information, please go to the Current Students on UT Dallas main web page.
