Prospective Students

Welcome to eLearning at the University of Texas at Dallas. This site offers a chance for you to explore the university's completely online and hybrid (requiring campus visits) offerings. A course demo is available on the Online Programs webpage for you to see how a sample online course is set up. In addition, a distance education self assessment is available to help you determine if online learning is right for you. If you have any questions, contact elearning@utdallas.edu.

Prospective Students FAQ

What type of student does well in a distance education environment?
What are the technical and software requirements for participating in an online class?
How do faculty and students interact in the virtual (online) classroom?
How are exams administered?
Are campus visits required?
