Testing Center Student Guidelines

CLICK HERE TO RESERVE A SEAT FOR YOUR EXAM

COVID-19 Safety Policy

The UT Dallas Testing Center is open for in-person proctored exams in the 2021 Fall semester. We are following sanitizing guidelines closely to safeguard the health and safety of all. As a matter of personal choice, you may bring in a disposable wipe to further sanitize your test space and if desired, you may also bring in and wear disposable gloves during testing. Your wipe and gloves will be inspected before and after the exam, and both the wipe and gloves will be disposed of upon completion of your exam. You are also strongly encouraged to bring and wear your own face mask the entire time you are at the Testing Center, including throughout your exam. To reduce your risk of catching or spreading illness, stay home and do not come into the Testing Center to take your exam if you feel sick, even if your symptoms are mild.
